

**RGF** has designed this catalog for Architects, Engineers, Designers, Distributors, Representatives and OEMs. The catalog has been subdivided into specific sections to assist you in your search for the proper **RGF** product.

**RGF** has a contracted network of over 200 authorized regional distributors whom are factory trained to sell many of our pre-engineered systems. Our distributors provide application assistance, installation, training and ongoing operational support services, supplies and consumables.

Components and parts for OEM application and custom needs are available for companies that meet established **RGF** criteria. The **RGF** team is ready to assist you with your environmental waste treatment needs; our staff of Engineers and Sales Technicians await the opportunity.

## HOW TO USE THIS ONLINE CATALOG

- 1 - Identify a possible solution or solutions to your environmental problem with the aid of our design/engineering data, our products summaries, or E-mail **RGF** for help.
- 2 - Call, fax or e-mail for additional information should it be needed. Products that have detailed specification sheets are identified. Other available information includes:
  - Corporate Brochure
  - Local Authorized Certified Distributor availability
  - Specification Sheets
  - Detailed Shop Drawing - P&IDs
  - Application Bulletins
  - Videos
  - Published Technical Articles
- 3 - For unique or difficult water treatment problems, call **RGF** Technical Service Department at 1-800-842-7771 or E-mail.
- 4 - To order an industrial system, your local factory certified **RGF** System Integrator will assist you in the process. Commercial or consumer products can be purchased through the website.
- 5 - To order components and parts for OEM applications or custom needs, call or E-mail **RGF** for information. (Companies must meet established **RGF** criteria).
